GONE TO HIS REST

John Hughart Passes Quietly

Away

AFTER FOUR YEARS OF ILLNESS

He Was for a Long Time Connected With the Grand Rapids & Indiana Railway and Other Roads.

John Hughart died last evening at his home, No. 231 Jafferson avenue. Mr. Hughart had been in poor health for four years past and his illness finally resulted in a general breaking down. He had been a resident of Grand Rapids since 1874 and was well known socially and an account of his official connection with the G. R. & I. road.

Mr. Hughart was born sixty-five years age in Paris, Kentucky. When he reached manhood he went to Cinconnatt and engaged in business. He afterwards became a merchant in Philadelphia. Later he went to Pitteburg and entered the employ of the Pittaburg & Hornellsville Railroad company. In 1874 he came to Grand Rapids and took the position of supply agent for the 6. H. & I. company. He afterward became fuel, lumber and ue agent, hold-ing that position until four years ago, when failing health compelled him to retire from business. His wife died at about this time. Mr. Hughart was a younger brother of William O. Hugh- order to show cause, etc. art, president of the G. E. & I. com-

pany.
The funeral service will be held at ha late residence at 5 o'clock p. m. to-day. The remains will be taken to Cincinnati, where they will be interred in Spring Grove cemetery.

THAT LIGHT INSPECTION. Aldermen and Lighting Company Should Get Together.

The fog of misunderstanding between the aldermen and the Grand Rapida Electric Light and Power company over the deficiences in the tower ights is not yet cleared up. City Attompany could undoubtedly collect the full contract price as long as the lests are made ex parte and without be torn down in t notification to the defendant as at present. He called attention to the report of the council committee on claims and accounts adopted some time ago, recommending "that in the future the city electrician promptly notify the said company of any and all faitures of lights and in case such failure is found to exist and is not remedied within forty-eight nours from the time of such notification by the city electrician, that the account for the lamp or lamps so failing to meet the requirements of the contract be deducted from the monthly bill for the

Mr. Stein of the committee said that man, the electrician, declined to show has reports to Superintendent Hayward of the light company. He ridicaled the idea that the aldermen favored the company and said he was superintendent favored the company and superintendent fa the trouble now was that Prof. Carwilling to accept an offer of the com- year. Department Commander Dean salary and then have access to his re-

Professor Carman said last evening that he could not afford to make copies of his reports for the company unless he was paid more salary. He had made a proposition to Superintendent Hay-ward to pay him \$55 per month additional and get full reports. At present he merely notifies the company that a certain circuit is doing badly, etc. He claimed the results have been that the city gets much more light since the inspection, which he is making ten times a month. Since the adoption of the report above referred to there has been very little variation in the lights to re-

KNIGHTS OF THE THROTTLE.

They Meet Their Superior Officers and Approve Plans.

There is probably no railroad in the country where a more thorough sympathy exists between employers and employes than on the G. R. & I. The memory of man runneth not back to the time when the officials of the road disagreements. For several years as given this evening with the assistance the business of the road has grown it has been found necessary to change and modify the rates of wages paid to the sugmeers until there were nearly 800 different schedules in existence. This caused so much trouble to the foreman in keeping the time books that it was found necessary to adopt some simpler system. Accordingly Superintendents Stimpson and O'Rourke devised a scheme to modify the working schedules so that the men could work under simpler rules and not suffer a reduction of wages. Yesterday afternoon the two superinten-dents called in Harry Johnson fore-man of engineers and seven or eight of the oldest engineers on the road. The new plan was shown them and they expressed approval. Then the party took dinner with H. A. Lamos, and the new schedule of rates will go into effect Jaquary 1.

Bagniel were married last evening at the home of the bride's parents, in Caledonia. Mr. Greenley is employed at Smith A Sangford's carpet house. Miss Sechtel has for some time past

Greenley-Bechtel Wedding.

Give Them a Trial

Give DR. PRICE'S DELICIOUS FLA-VORING EXTRACTS a trial, and if

they please you, recommend them to your neighbor; if not, return them and have your money refunded. > No fears of your not being satisfied, as their perfect purity and excellent quality are so decided. Nice delicacies are never speiled by their use, as they impart the sweet and natural

fruit flavors. Dr. Price's Vanilla, Lemon and Orange can not be equalori.

By the upsetting of a sleigh load of young persons Tuesday night, Jennie Hovt received a painful scalp wound: Ada Pulsifer a painful injury to her right ankle, Frankle Acker and Laura Boyce painful bruises and Fred Helister was knocked insensible. The young people were cared for and taken home. The cause of the accident was a sleigh runner catching in a street car track.

The first section of the Midway Tens of the Fountain street Baptist church gave a supper which was quite largely attended, in the church pariors last evening. Afterwards a large basket of provisions was sent to the Woman's home and Hospital. The section is composed of twelve young women and Nettle Armstrong is chairman.

J. E. Blackmore, formerly of the Blackmore Art company of this city, has a new photographic machine called the reflectograph. The machine records not only the objects but movements and it is claimed that no motion can escape it. The pictures are taken on a sort of endless beit.

At the regular Wednesday service of the Grand Rapids Spiritual association held last night, Mesdames Jackson. Winch and Kofman gave tests. They conversed with departed friends and gave descriptions that were eminently satisfying to those that composed the
